```

```
## [1] TRUE
```

4

Construct regular expressions to match words that: 1>Start and end with the same character.

```
#"^(.).*\\1$"
```

2>Contain a repeated pair of letters (e.g. "church" contains "ch" repeated twice.)

```
# "(..).*\\1"
```

3>Contain one letter repeated in at least three places (e.g. "eleven" contains three "e"s.)

```
# "(.).*\\1.*\\1"
```
